

## Head Protection

The **MSA V-Gard Hard Hat**, with its distinctive trademark “V” design, is a world-recognized brand known for comfort, quality, and durability. MSA’s rugged **Skullgard Hard Hat** provides outstanding protection in hot and dangerous industries. The revolutionary **V-Gard C1 Hard Hat** with optional vents uses patent-pending *ReflectIR™ Thermal Barrier technology* to keep the inside of the hard hat up to 20°F (11°C) cooler\* in sunny weather, making it the coolest hard hat on the market compared to those without ReflectIR™. The **V-Gard 500 Hard Hats** also offers optional cooling vents for improved air circulation and comfort.
